Great Chamber

The Charterhouse has a remarkable history; from its foundation as a Carthusian Priory in 1371, to becoming a Tudor Mansion, Almshouse and School. The Charterhouse stands today as it has for centuries and remains the home of the Brothers of Charterhouse whose own history dates back to the 1611 origins of today's foundation.

The tour includes all the principal areas of this historic building, and at each location The Thomas Sutton Singers perform music by composers associated with the Charterhouse, including works by Purcell, Mendelssohn and Vaughan Williams. In the Chapel, a short organ recital is given by Graham Matthews, Brother of Charterhouse, on the historic 1842 Walker organ.
